

**Sands Wellington-Hutt Valley
List of Counsellors in the Region**

This list is taken from the NZ Assn of Counsellors' *Directory of Counsellors in Private Practice 2010*. We list the counsellors who list grief and loss as a speciality, and highlight those who have attended our Sands Wellington-Hutt Valley training. We don't recommend any one particular counsellor as we always receive varied feedback about all the counsellors. We encourage bereaved parents to ensure that they feel comfortable with the counsellor they choose and to feel assertive enough to say when the professional relationship is not working for them.
